--	---	---

A summary of the principal required terms and conditions of the procurement contract or the framework agreement:

The main purpose of the Consultant is to plan, design, build capacity and implement the required components of the information architecture of the national eHealth (Digital Health) Architecture for the health sector, with emphasis on data design and specifications using OpenEHR clinical modelling, related resources and tools with an open platform approach. OpenEHR and its resources will enable the vision of the Ministry of Health and Wellness for (semantic) interoperability across various eHealth applications in the public and ultimately the private health sector.

Expressions of Interest are being requested from interested Consultants (This is not a Request for Proposal) . Following evaluation of the Expressions of Interest , Consultant Firms shall be shortlisted and the Request for Proposal submitted to the shortlisted firms .
