--------------------------------------------------------------------------	---------------------------------------------------------------------	-----------------------------------------------------------------------------------

**A summary of the principal required terms and conditions of the procurement contract or the framework agreement:**

The objective of the project is to upgrade the existing eGovJa Data Centre facilities and implement appropriate ICT technology to establish a reliable, secure, and scalable infrastructure to support the delivery of GOJ's enterprise applications and services and the consolidation.

It is recognised that various systems and infrastructure elements in the current environment require upgrading and/or replacement. An assessment of the state of the Data Centre must be undertaken to determine the gaps that must be addressed to meet the requisite standards for security and reliability, as a precursor to the development of a vendor-neutral design for the new/upgraded facility and the supporting technology infrastructure.

**Expected delivery time:**

Date: 30/10/2020 (dd/mm/yyyy)
