A summary of the principal required terms and conditions of the procurement contract or the framework agreement:

The primary objective of this consultancy is to provide strategic and technical advisory services in the Information Communication Technology sphere to the Government of Jamaica – through the Ministry of Science Energy and Technology (MSET) – to assist in the development of a National ICT Strategy for the country. The objective is to create a strategic framework for the next 10 years under a common vision and ambition, including a set of measurable goals and specific initiatives/programs to accelerate the development and growth of the ICT sector in Jamaica. The strategy will address critical pillars such as (telecommunications) infrastructure development, enabling regulation where required, human capital development, technology innovation, ICT investment and promotion, roll-out and adoption of eGovernment services, as well as driving coordination among various government entities.
